

About 25 years of projects and training-action of councilors, technicians, young professionals, students finishing their studies, and citizen associations

An active presence in situ (6 months and 4 years) with long follow-ups according to the cases (10 years)

Nine countries of intervention and more than 50 municipalities (including associations) accompanied in their development projects and participatory territorial management

More than 200 benevolents have been (and are) mobilized since 1998 (active and supportive members, international or civic volunteers, university practitioners, young professionals in search of experience or a new type of professional insertion ...)

## Contribuciones Appeal

(donations and miscellaneous contributions) to be able to sustain our projects in Latin America, integrating young professionals

For :

- Open job opportunities for young French and Latin American (professionals or students at the end of studies)
- develop skills of young professionals in temporary breakdown of activity (unemployed, career or vocation mutation, ... )
- continue to support participatory, solidary and sustainable urban planning and land use planning projects
- preserve our benevolent participation within a non-profit local technical collaboration agreement
- strengthen global technical capacities (councillors, technicians and populations), and collaborative professional networks
